

Design Domian Task

Design Task Guidelines

Each candidate is required to complete any ONE of the design tasks listed below.

All applicants for the Design Domain will be assigned a design task to evaluate their creativity, aesthetics, and visual storytelling abilities.

This task is mandatory.

Applicants interested in the Motion Graphics sub-domain may complete an additional task to demonstrate their skills and stand out.

Submissions should be original and created by you.

Important Note

You can choose to:

- Apply only for Design Domain (Main task only), OR
- Apply for Design + Motion Graphics (Main task + Bonus reel), OR
- Apply only for Motion Graphics (Just submit the reel!)

DESIGN TASK 1

Desing a YouTube Thumbnail

Objective:

Create an eye-catching thumbnail (1280px × 720px) for a video of your choice (tech, vlog, movie review, etc).

Theme:

- Attention-grabbing
- High contrast colours

Required Elements:

- Large readable text (3–5 words preferred)
- Face or expressive visual (optional)
- Icons/arrows/callouts
- Strong focal point

Sample Content:

- Title: “Learn AI in 10 Minutes!”
- Hook text: “Beginner Friendly!”

DESIGN TASK 2

Design an Event/Movie /Concert Ticket

Objective:

Design a visually appealing and well-structured ticket for an event, movie or concert.

Theme:

- Clean and organized
- Theme-based (concert, tech fest, movie, etc.)

Required Elements:

- Event/Movie/Concert name
- Date & time
- Venue/location
- Seat/entry details (seat number, gate, etc.)
- Ticket ID / QR-style placeholder
- Organizer/brand name

Sample Content:

- Event: “TechX 2026 – Innovation Fest”
- Date: 15 April 2026
- Time: 5:00 PM
- Venue: Main Auditorium
- Seat: A1

DESIGN TASK 3

Design a Course Completion Certificate

Objective:

Create a professional certificate for course completion or achievement.

Theme:

- Minimal and elegant
- Professional and formal

Required Elements:

- Title (Certificate of Completion / Achievement)
- Recipient name
- Course/Event name
- Issuing organization
- Date of issue
- Signature(s) / seal placeholder

Sample Content:

- Title: "Certificate of Completion"
- Name: "John Doe"
- Course: "Introduction to UI/UX Design"
- Organization: "Design Club"
- Date: 20 March 2026

Bonus Task (Motion Graphics Sub-Domain)

If you're interested in being a part of Motion Graphics, here's your chance to stand out!

Create a short motion graphic (10–20 seconds) that introduces you in a fun and visually engaging way:

- Use animated text to highlight key details about yourself
- Add smooth transitions for a clean and dynamic flow
- Include basic graphics/elements to enhance visual appeal
- Use music or sound to make it more immersive
- Keep it creative, engaging, and impactful
- Let it reflect your personality and unique style

Submission Guidelines

- Submissions should be original and created by you.
- Ensure that your design follows the specified objective, theme, and required elements for the chosen task.
- You are free to use any design platform of your choice such as Figma, Canva, Adobe Photoshop, Illustrator, or similar tools.
- Upload your final design to Google Drive and submit the shareable link (with public access enabled) on the website within the given deadline.
- Submissions without proper access or incomplete entries will not be considered.

**Wishing You All the Best
Design Domian ADG**
